

Directions for how to use the overhead digital projector from the instructor computer in the classroom:

- Turn on computer
- Login in with Username = <conted1> and Password = <Fall2009>
- Turn on data projector
- Turn on ELMO, make sure it is set to display PC
- Press Windows-P keys on keyboard, select "Duplicate"
- If computer desktop is not displaying on projection screen....
- Make sure video switch-box is set for "Class Computer" and not "Laptop"
- Make sure projector input is NOT Video (may be either RGB, PC, Comp depending on remote)
- If still can not get data projector to display call IT Services Help Desk - 527-3630
